MILITARY REPORT

Period Covered – 01/01/1800 to 08/23/2010

The “Military Report” was created using the computer software we use to inventory the Locust Hill Cemetery. This list was created using headstones, military records shared by relatives, obituaries and records passed on to us by George Stevens who used to place flags to mark the graves of Veterans on Memorial Day. We are constantly looking for documentation to make sure we have recognized all the veterans in our cemetery. If we have omitted your relative or friend and you can give us some documentation showing they were a veteran we will be proud to our listing and mark their grave with and American Flag.

Our software has the ability to record dates of entry and discharge from the service. If you have any information, please contact us so we can add the information to our records.
