County Route 6, New Kingston, NY

Data Compiled Summer, 2010 by *The Friends of Middletown Cemeteries*

125 graves in this cemetery were reinterred from the Pepacton Reservoir basin, most of them from Arena. They are in the central part of the cemetery, between the original section, and the newer (20th and 21st century) burials. Among the reservoir reburials were those with the following surnames: Grant, Jackson, McLean, Reside, Sands, Smith, Waterbury, VanWagoner, More and others. Consult "Other Cemetery Compilations and Listing: Pepacton Reservoir, Cemetery Removals" on this website for details. Because many of the stones were broken and re-erected, many inscriptions are partially missing or illegible; volunteers did their best to record as much of the inscriptions and epitaphs as possible.
