

Old Halcottsville Cemetery (aka Kelly, aka Scudder, aka Annex Cemetery)

Clarification and Caution: This is an inventory, taken June 14, 2011 by Friends of Middletown Cemeteries, of headstones that still stand in the original cemetery not far from the main cemetery in Halcott(s)ville, Delaware County.

Other inventories of this cemetery appear on this website labeled "Scudder Cemetery" (a 2000 transcription of 1981 CETA records); and as the "Annex" at the end of the "Halcottsville Cemetery" inventoried directly from headstones by Ira Lawrence, also in 2000.

There are discrepancies among these 3 inventories. Roberts and Terry names do not appear on the Lawrence inventory but are on the 2011 one. Mabel Halcott and John Kelly (age 9) were on the CETA inventory but do not appear in the Lawrence survey in 2000 or in the most recent inventory in 2011. The presumption is their stones disappeared or were removed between 1981 and 2000.

Murphy, Staples and Stocum (Slocum?) are on the most recent inventory, but appear on neither of the previous ones.

Respectfully submitted by Diane Galusha on behalf of the friends of Middletown Cemeteries
